

# AmeriHealth Caritas Ohio Vision Benefits

At AmeriHealth Caritas Ohio, we know how important vision health is to overall health and well-being, and we want to ensure our members' vision care needs are being met.

We have contracted with several regional optical laboratories to provide your patients (our members) with eyewear: Classic Optical Laboratories, Robertson Optical Laboratories, Visionworks, and Walmart. Vision providers will receive an AmeriHealth Caritas Ohio frame kit from Robertson Optical Laboratories and Classic Optical Laboratories with a variety of styles from which members may choose. Providers will submit claims for the exam and glasses fitting only, unless contracted to bill for frames and lenses as well.

Additionally, providers now have the option of using their own vision hardware providers by amending their contract to bill AmeriHealth Caritas Ohio directly for frames and lenses. If you are interested in updating your contract, please email our Contracting department at [providerrecruitmentoh@amerihealthcaritas.com](mailto:providerrecruitmentoh@amerihealthcaritas.com).

If members are receiving services from a Visionworks or Walmart location for eyewear, they must visit the store in person. In addition, members have access to receive services at any participating vision provider in our network.

Service	Members under 21 years of age or 65 and older	Members 21 - 64 years of age	Members with diabetes
Eye exams	1 routine eye exam every 12 months	1 routine eye exam every 24 months	2 every 12 months
Eyeglasses (standard frames with lenses) (V2020)	1 pair every 12 months	1 pair every 24 months	1 pair every 24 months, adjustment to lenses as needed
Contact lenses	Members are eligible for contact lenses every 12 months: \$150 allowance toward contact lenses purchase per year		

\*Eye exams and contact lenses that are provided from a network vision provider will not require prior authorization (exception V2599); however, the network provider must confirm eligibility.
